CADDINGTON BLUE

Property Description

Occupying the first floor and mezzanine level of this former industrial building is this wonderfully authentic two bedroom loft apartment.

Measuring over 1,200 sq ft internally, the apartment has two bedrooms, two en suite bathrooms, a study, separate cloakroom, utility room, store room, downstairs WC room, and an enormous open-plan reception room and kitchen. The apartment has an east facing orientation with a long run of the original steel windows resulting in exceptional levels of natural light.

The interiors have been cleverly conceived by the current owners, creating a beautifully curated space that retains much of the building's original fabric, including solid-wood floor and industrial windows.

The well-placed partition walls work with the original structure to create more private areas in an otherwise open plan, and although currently configured to create two large bedrooms with an abundance of storage space, the layout remains very versatile.
